b. To monitor and reconcile receipts & payments to bank statement

Receipts, payments and reconciliation to bank statement (including the bank statement) as at 16.01.2026 circulated prior to the meeting, all pages signed and retained on file.

RESOLVED unanimously that receipts and payments records reconcile to the bank statement at 16.01.2026 by show of hands

c. To Monitor budget position to 31st December 2025

The Budget monitoring spreadsheet to 31.01.2026 was circulated prior to the meeting,

RESOLVED unanimously by show of hands acknowledge the overspend against the budget.

d. Agree budget for 2026-27

The PC discussed the budget and advised that it is missing the management costs of the ditch, which needs clearing periodically perhaps every 7/8 years, this will need to be considered at the end of March when looking at the earmarked funds. The budget seems high but there is little 'fat' to be trimmed. There isn't a budget line for the Community Centre at present.

The proposed budget for 26/27 is £16,192.60.

RESOLVED unanimously by show of hands to agree the budget.

e. Agree precept figure for 2026-27 and sign request form

RESOLVED Proposed by Cllr Harkness, seconded by Cllr Peck, all in agreement by show of hands. The precept request was signed by the Chair, and the clerk will submit it before the deadline.

The Precept figure of £13,252 for 26/27 is an increase of £1354 on the 25/26 precept, taking a Band D property from £70.13 to £79.30, an increase of 13.07%

26/008 Thermal imaging project update – Cllr Jeeves gave a summary of the project update. 9 people have asked for a survey to be done. For those requesting a Thermal Imaging assessment a handout/guide is provided. The survey can show where there is significant heat lost from the property. It is non evasive and won't interfere with privacy.

The equipment will be available until late February. Each resident will be contacted to arrange an appointment. SCC has asked for a datasheet to be completed, with number and types/ages of properties surveyed.

26/009 Community Centre update including:

a. Lease agreement update

There was a productive meeting of the working group, the club is asking the PC to take on as much as possible. The PC doesn't have funds for this and would need to increase the precept but do see it as a community asset and would like to support the Community Centre. It was requested that the PC pays the building insurance for the property. There was a discussion around responsibility of fire surveys and fire alarms.

RESOLVED The Chair proposes that on this occasion only, 50% of the fire repairs are funded by the PC but that the Parish Council will undertake to pay the bill and invoice the community centre for half. Following discussion, all voted in agreement by show of hands.

Further discussions continued, including opening hours, private rentals, the oil tank which has been clad recently, (the PC will check that it is within regulated height and distance) and ongoing maintenance of the building.

The lease terms still need agreeing. It is difficult to understand how to make it self-funding, it is clearly suffering from lack of footfall in the same way as many village pubs.

New WG proposed by Cllr Harkness, seconded by Cllr Jeeves and agreed by all. The working group will arrange to meet, the PC attendees will be Cllr Wilson, Cllr Peck, Cllr Richards and Cllr Green and the clerk. Cllr Harkness will leave the WG due to numbers.

b. To discuss fire risk assessment and remedial works

Discussed and resolved as above.

26/010 Noticeboards – revamp update – Cllr Richards and clerk to follow this up and arrange purchase. Budget and spend already agreed.

26/011 To discuss planning applications made since the last meeting and any planning issues including:

Decisions:

DC/25/04988 – Woodnook, Lower Road. CO10 9AW erection of attached double front garage Extension - Refusal

26/012 Playground update including:

a. Quarterly /Annual inspections – HAGS are suggesting a site visit in April.

There are a number of urgent repairs required. Cllr Peck and at either Cllr Green and/or Cllr Harkness will attend the meeting. There are concerns over the weight limit of the swings and we awaiting further details.

b. Lighting update – there aren't funds currently available but Cllr Green will look into the options and is concerned about safety in the dark

c. To accept update to signage – thanks to Cllr Green for removing the old sign and replacing / updating the others with the correct contact details. Cllr Green has done this at no charge to the PC.

26/013 Willow Trees – pollarding update. This is complete and the PC are happy that it has been done now.

26/014 Neighbourhood plan – The PC is still at the early stages of the neighbourhood plan, and it is costly to continue with this as there are currently no grants available. The initial surveys were done and the public has had no further communication. Cllr Harkness suggested that the PC should write to the community to provide an update, Cllr Harkness will draft something and then a letter drop will be arranged.

26/015 Matters to be brought to the attention of the Councillors /items for the next meeting's agenda

Cllr Gaskell – residents have asked about the broken footpath sign on the corner of Woodnook, also there is a complaint re: hedge at Sparrows Hall coming across the path at the front of the hall. These both need reporting on SCC website.
